Dear Mr. Rubin,

I would like to thank you for your letter concerning the Project of establishing the Humanistic Center in Rybnik.

I find the idea of this initiative very interesting. In my opinion, the opportunity to work with an international group of experts is important as well. Therefore, I want to maintain a statement that City of Rybnik is interested in participating in this joint venture.

I would like to invite you to Rybnik to discuss details of the initiative, and I look forward to the possibility of working together.

Yours sincerely,

Piotr Kuczera
Mayor of Rybnik
